Sales Appeal Lacking In Jr. College Presentation

There was a rather interesting divergence of opinion among Grossmont junior college trustees last week when two of the five board members cast dissenting votes on a bond issue for $7½ million with which to produce a college facility in Fletcher Hills. The board, by the way, is comprised of the same members as those who make up the Grossmont Union high school district board of trustees.

The dissidents were Robert Brown, an Astro supervisor and former trustee of the L.G. elementary school district, and Robert Dryden, El Cajon who manages the U.S. National bank in Lemon Grove. Brown frequently dissents; Dryden hardly ever.

However, both objected to the issue on the grounds that too much money was involved. The District had voted down an $8 million bond issue about a half year before.

The school administration had offered three financial concepts of the facility ranging from $7½ to 6½ millions, but Dryden, outspoken, said the issue would have to be for considerably less before he would approve it.

Due to the schism within the board, Trustee Portia Goode suggested a cooling-off period for the members to resolve its hassle and so the issue was put to chill for a couple of weeks. This undoubtedly was a wise decision because an electorate which rejected an $8 million issue last year isn't very likely to approve one for $7½ million with the board split three-to-two.

The board will need to face up having to sell the need for a junior college to the public better than it did before. A simple question must produce a "yes" answer or it will fail again. The formula asks "Does the need for a new junior college facility outweigh my resistance to having my property bonded to provide it?"

Palmer Svalstad, another Grossmont trustee and a L.G. building contractor admits that a program to inform the public of the need for a junior college must be instituted before the issue can pass.

There were howls of indignation more than a year ago because this pillar pointed out, prior to the election to form the junior college district, that a financial obligation would follow the formation . . . that financial sinew would some day have to be added to the college district bone. This day came . . . and is coming again. To be successful this time a better case for the college will have to be presented than before. The case should be started at board level where the district administration must be able to substantiate its $6½-7½ million recommendation.

District Superintendent Lewis Smith said the split vote resulted "partly because of my own inadequacy in presenting the material and partly because of the lack of time in presenting the material to the board so that it could be digested prior to their meeting."

The board will probably come to an agreement, but our guess is that it will be for less than $7½ million. Even after the agreement on cost there will be another uprising regarding location . . . but that's another story.

Meanwhile, democracy is being served when citizens, serving as a school board, arrive at decisions independently, laced with the privilege of dissent.

Ambulance Service Can Be Better, Cheaper

"We don't want people lying on the streets hurt while we wait to find out if they can pay for an ambulance," Sup. David Bird said Tuesday, evaluating privately operated ambulance service firms in the county.

That brings to our attention the shocking state of ambulance affairs almost everywhere in S.D. county, Spring Valley being an exception.

There are few things a subdivision of government can do better for you than private enterprise. One of these services locally is the ambulance service provided by the Spring Valley fire department. Efficient ambulance service is provided citizens of the S.V. district at a cost of less than $1 a resident a year.

It would be damning with faint praise to compare the tragically slow and frighteningly expensive service offered by privately operated ambulance firms but even if the private ambulance service offered efficient service at fair prices, the Spring Valley deal is still a bargain.

Having nothing at all to do with the S.V.F.D. ambulance service is a still unanswered query! What ever happened to the city - county study of the ambulance situation which erupted into a hassle . . . resulting in the dropping of the study?

'T' DAY RAINED OUT HERE

Lemon Grove Crews Get In Part Of Day Against Tumbleweeds

The big joint Spring Valley-Lemon Grove "T" Day, set for last Saturday, Jan. 20 was all but cancelled out because of rains that still hadn't relented by the middle of Wednesday.

The Lemon Grove anti-tumbleweed force headed by Hibbard Stubbs went ahead with the effort until the rain made it impossible to continue at about 11 a.m. last Saturday.

Stubbs said youth groups, namely Boy Scouts comprised the majority of his anti-tumbleweed crews. "The kids were good workers," he said, "and they had a ball."

Lemon Grove will go at the tumbleweeds again on Feb. 10.

Howard Potts, anti-tumbleweed chairman of Spring Valley and Frank Berger, fire chief called off the "T" Day drive in their locale at 8:15 a.m. last Saturday. Potts reset "T" Day for Feb. 3 following a meeting on Wednesday morning of this week.

Channel 8 television and several local newspapers covered the anti-tumbleweed activity in Lemon Grove. Stubbs sent out six crews. Piles of tumbleweeds had to be left to dry before firemen could burn them.

Stubbs said he observed sev-

Mothers March For Dimes Here Tuesday Evening

An estimated 15,000 women from throughout San Diego County will stage a "Mothers March for the March of Dimes" Tuesday from 4 to 9 p.m., Mrs. Mitch Angus, project chairman, said yesterday.

A traditional March of Dimes special event, this year's Mothers March will be the largest ever staged locally, Mrs. Angus said. Recruitment of volunteers started more than two months ago and was done to a large extent by volunteers who made thousands of telephone calls.

Women working on the March in L.G. are: Mmes. R. J. Collette, Robert Hill, Farrell Patterson, and Robert Gutshall.

In S.V. are Mmes. Charles Wilson, Floyd Lane, Paul Valdez, Lynn Hodson, and Robert Littrell.

Success of this year's Dimes drive will depend on the marching mothers' efforts, said Helen R. Cobb, San Diego city councilwoman who is directing the month-long drive.

"We ask that these marching volunteers be greeted with courtesy and in a spirit of friendship," Mrs. Cobb added. "The job of the March of Dimes is just beginning now that it has turned its efforts on eliminating arthritis and birth defects."

The March of Dimes will continue patient care for victims of polio in addition to those suffering from arthritis and birth defects. It also will expand its professional education program as funds are available, Mrs. Cobb said.

Golf courses in the county are conducting a special March of Dimes tournament for the balance of the month. Also, on the sports side, bowlers in most of the alleys are taking part in a 'Dimes tourney.'

Santee High School Bond Issue Set For June 5

A bond issue to produce $1,800,000 to build a high school in Santee was approved by the Grossmont Union high school district board of trustees Monday evening. Date of the election is June 5. The action came after the administration showed estimates of an increase in attendance at the recently built El Capitan high school from 1,920 now to 2,800 in 1965.

The board discussed the possibility that the presentation of this issue might have an adverse effect upon the junior college bond issue scheduled for the same date, but gave approval after assurance that it would not change the 45c ceiling rate for the high school building program which will be in effect during at least the next 10 years. "Failure to submit this issue would not decrease the tax rate for the building purposes during this period of time," said Harold G. Hughes, associate superintendent. Hughes also said that passage of the bonds would have the effect of continuing the 45c ceiling rate for several additional years. It is believed that a go ahead on this construction would probably save the district funds since the construction industry is now highly competitive and since there is a possibility of further wage increases for building crafts. Preliminary plans have already been completed by architect Clyde Hufbauer.

Supt. Lewis F. Smith said he believed the presentation of high school bonds on the June 5 ballot with the junior college bond issue would assist both projects. This high school is definitely needed to prevent the overloads at El Capitan. This, together with the fact that it has no effect on the tax rate except to continue the existing 45c ceiling rate for several years beyond 1972 should attract voter support. Another factor which favored the June 5 date was that if the board had postponed the high school bond issue until the general election in November, the state would have required the amount of the issue to be increased to $3,200,000.

The junior college board will reconsider the amount of the junior college bond issue scheduled for June 5 at the Feb. 5 meeting.

L.G. Drainage Ditch Catches Sups Eye After '19 Years'

Thorofare Converted To Flood Hazard, Charge

SAN DIEGO (CNS) — The rains came to Lemon Grove as it did to other San Diego counties this week, but the rush of waters which creates a perennial flood in an "orphan" drainage ditch between Broadway and North avenues, flushed forth a citizen complainant who may be the start of relief from the situation.

After 19 years of waiting for the county to come back and fix up an alley in Lemon Grove, one of the patient property owners in the area turned up Tuesday before the County Board of Supervisors to ask "where is everybody?"

Mrs. Mary Rojas, 7636 Lemon st. told the Board that the alley, between Lemon avenue and Broadway, from Olive street to Buena Vista avenue, had been well kept and open for traffic until the county put a ditch down it. She said that happened 19 years ago.

"Day by day, things are getting worse," Mrs. Rojas said. "We waited and waited patiently. We didn't think we were supposed to find out why nobody came back."

Jean L. Vincenz, public works director for the county, said there is a ditch down the alley, and he described it as an "eyesore," but he admitted that he did not know the background of why the ditch was there.

Vincenz proposed that Mrs. Rojas and other property owners along the alley should get together and finance improving the alley and putting a pipe in the ditch, as is being done in another alley in the immediate vicinity.

"But our alley was open to traffic," Mrs. Rojas said. "The county put in the ditch, or allowed somebody to do it. So we waited. We say maybe next year they will finish, or maybe next year, or even the next year."

Complaints have been registered following nearly every rain by property owners and business firms on the north side of Broadway between Vista and Corona streets. Pictures of flooded business properties have been published in this newspaper from time to time.

Board chairman De Graff Austin pointed out that drainage from Broadway and now from the freeway is going down the alley, and Supervisor David W. Bird asked that an investigation be made to determine if the county really had diverted drainage down the alley 19 years before.

Bertram McLees Jr., assistant county counsel, said the county would be responsible for the condition of the alley, if it had diverted drainage down it.

The road department and public works department were ordered to investigate the charges made by Mrs. Rojas.

Mrs. Gaston Wins Teachers' Scholarship

Lemon Grove teachers announced this week that Mrs. Virginia Gaston, a senior at San Diego State, received the annual $100 scholarship for 1962. Mrs. Nancy Tuthill, Golden Avenue teacher who heads the professional relations committee of the Lemon Grove District Teachers Assn., makes the presentation Thursday night, January 25, at the regular LGDTA business meeting at the Lemon Grove junior high.

Mrs. Gaston, who majored in elementary education, is completing final student teaching assignments this spring semester. "I enjoy working with children and can hardly wait until I am in my own classroom next September—maybe in Lemon Grove," she said.

A Foothills area resident, Mrs. Gaston graduated from Grossmont High School before enrolling at State. She presently resides in El Cajon. Scholarship award requirements of LGDTA include residency in the Foothills or Heartland area, enrollment in the school of education, and high scholastic achievements.

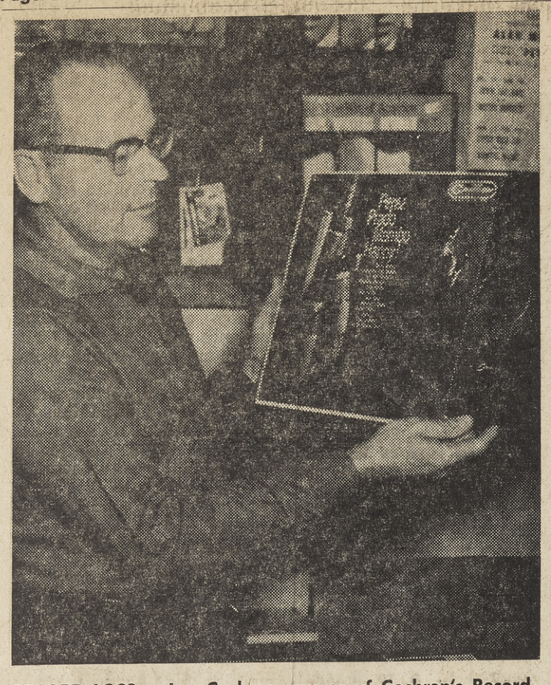
Local teachers annually award this scholarship to encourage and assist younger people to complete professional training as teachers. Some of the funds used in the past three years were raised by the association in a play, "The Whole Town's Talking," which employed local "talent" from the faculty.

Birthday Party Draws 37 Kids

What was probably one of the largest birthday parties ever held in Lemon Grove attracted 37 young guests last Saturday when Cindy Cox, 2410 Massachusetts street had her birthday.

Rendering entertainment for the kids was Smiley Sprenger, one-man band from Encanto, whose "combo" consists of guitar, drums, bells and harmonica.

The kids had cake, punch and candy. Cindy's mother, Mrs. Edna Cox, who is a teacher at San Miguel threw the party for her daughter.



RECORD LOSS — Lee Cochran, owner of Cochran's Record Den at 7921 Broadway in Lemon Grove, inserts expensive record in cheaper case to illustrate one method kids used to remove $4,000 in records from his store during 1961. Cochran heads Cochran Co., of Lemon Grove, a group of enterprises. The firm suddenly discovered the record store loss when the year's books were checked on Dec. 31, 1961.

KIDS BIG SHOPLIFTERS

Grove Firms Reveal $5,000 Loss In '61 Through Petty Theft

Two Lemon Grove businesses reported a 1961 loss through petty theft by kids of about $5,000. They are Cochran's Record Den at 7921 Broadway and Calder's Toy Town and Hobbies, which is next door at 7923 Broadway.

The owners, Leo Cochran and Graydon Calder both said they believe the stealing was widespread and not limited to their businesses.

Cochran's loss was $4,000. It was enough, he said, to all but kill any profits the business would have realized. Calder said the $1,000 loss his store suffered represented a 20 per cent profit decrease.

"I was surprised at the clean-cut appearance of the ones we caught," Cochran said. "Obviously we didn't catch many of the others and therefore I couldn't describe them. But I doubt if any but very few steal because of lack of money."

Calder said that stealing from his store used to be even worse. He said that placing of a big mirror in front and getting locks for display cases cut down on losses through theft.

Some kids put an expensive record in a cheap case and get by with paying $1.95 for a $6.95 record, Cochran said. Others smuggle records out in their schoolbooks, others in their clothing; some girls hide records in big purses, he added.

Cochran said his store discovered the loss on Dec. 31, 1961, when the books were checked for the year. He said at first he attributed the loss that showed up on the books to something else.

"Everything checked out," Cochran continued, "and the answer soon became apparent. We are going to try several things to stop the thievery. I can't reveal what they are."

Calder said be believes lack of adult supervision causes young people to steal. Cochran felt that a general explanation was difficult to give and that all record stores have this same trouble.

Both men will prosecute any future thieves.

Lewis Smith Named 1st 'Administrator Of Year' By St. Augustine School

Lewis Smith, superintendent of the Grossmont School District, will be honored as San Diego County's school "Administrator of the Year" at the eighth annual Appreciation Night banquet Thurs., Jan. 25 in the International room of the El Cortez Hotel.

Announcement that Smith was the winner of the award being inaugurated this year at Appreciation Night was made by Very Rev. John R. Aherne, OSA, principal of St. Augustine High School. St. Augustine sponsors this annual civic testimonial for all the high school administrators and coaches in the county.

"Smith's leadership as the first chairman of the board of managers of the San Diego Section, California Interscholastic Federation, dictated his selection as the first recipient of this award," Father Aherne said. "As board chairman he has steered the San Diego CIF through troubled waters until it is now a firmly established segment of California high school athletics.

Jack Durham Gets School District Liability Insurance

John Durham, local insurance broker, won the L.G. elementary school district's liability insurance Monday night with a low bid of $2,800 at the regular meeting of the board of trustees.

The meeting was held at the Vista La Mesa school in the board's program of circulating from time-to-time to make its activities more easily seen by citizens in various parts of the district.

At Monday's meeting a curriculum demonstration of modern math was presented by Principal Wiley Cornelius and Jr. High School Teacher Audrey Elliott.

The board accepted a summons for curt action for relief on an error in a bid by J. Henry Bender on the Mt. Vernon school. Bender had failed to figure $6,0000 worth of decomposed granite which he claims was not sufficiently specified in the plans. The board stated its position in a resolution and referred the matter to county counsel.

The suit is designated "a friendly one" and did not interfere with Bender being declared low bidder on repairing the fire damage of the district's storage building at School Lane and Lincoln. Bender's bid was $2,486.00.

Mrs. Fay Graber Funeral Held; Nebraska Native

Services were held at 1 p.m. on Wednesday of this week for Mrs. Fay Graber, 71, a widow of 3569 Fairway dr., at Erickson-Anderson Mortuary in La Mesa. Eastern Star, San Miguel Chapter 579 of Lemon Grove of which she was a member, conducted the services.

She is survived by a daughter, Mrs. Lonace Bailey with whom she'd been living; two sons, R. Merl Olds of Los Angeles and Archie Graber of Washington; a brother, Guy Sterling of Washington and a sister, Rae Swindall of Oregon; nine grandchildren and nine great-grandchildren.

Grandchildren in the Lemon Grove area are Mrs. Marila Clark, Miss Susan Gearhart and John McBride.

A native of Nebraska, Mrs. Graber had lived in Yakima, Wash. for 50 years before coming to the San Diego area. She was a member of the Lemon Grove Congregational Church and the La Mesa shuffleboard club.

Rev. E. Walter Smith, pastor of her church, officiated at the services. Burial was in Greenwood Memorial Park.

Friendship Doesn't Pay; It Costs, Attendant Learns

Raymond L. Yorty, attendant at the Douglas Service Station at 3065 Imperial ave., L.G., is seeking a young man who laid a groundwork of friendliness with him over a two-week period, and finished it by using the spare key kept on a shelf in the station to open the cash box and walk away with $14.

Yorty said the suspect visited him while he worked at his mid-shift in the station. He was in the office with him at 4 a.m. Jan. 16, when Yorty went out to inventory the oil racks for the shift change.

Yorty told the investigating sheriff's officers that when he returned to the office he met the suspect going out. The suspect said he was going for coffee and asked if he could bring Yorty a cup, which Yorty declined.

When he took out the cash box, after the young man had gone, Yorty said he discovered the theft. Don Beebe is the owner of the station.

Run-away boys nowadays just don't have the fortitude of those of a generation ago.

Two sets of run-aways, separately, called on the police to help them get home after the cold and darkness of California January helped them to make up their minds.

One set, two boys 11 and 12 from the American Homes Brookside area, fearing expulsion from school, got as far as National City Friday at sundown when they called on N.C. police for help. They were returned to the family fireside.

Another set of three, 12 and 13, expelled three days from S.V. junior high school for smoking, made it to Campo at 5 a.m. where it was chilly, before resorting to asking the aid of the sheriff's department.

They, too, were released to their parents.

DRIVER SLUMBERS

John William King of 7817 Deborah st., Lemon Grove while driving home after a party Tuesday night of last week, became sleepy at the intersection of Roosevelt and Buena Vista streets, L.G.

He was sleeping peacefully while traffic worried how to get around him until Mr. and Mrs. Thomas Devin of 3260 Buena Vista called the sheriff's dept. after the couple stopped and investigated.

Two deputies found partygoer King unable to stand a sobriety test.

BEER HI-JACKED

Two cases of beer were highjacked from a beer delivery truck at noon Friday while Shelby Brown, the driver, was making a delivery to Kennedy's Bar on Sweetwater near Jamacha rd.

The manager of a service station across the street gave a description of the suspects and the car they were driving.

The bank returned the check reporting that it was stolen from a Long Beach firm.

TV TOO PORTABLE

A portable television on display at the L.G. Bowlero by C.P. Appliances, 7890 Broadway, L.G. became more portable than was anticipated.

The set, a Packard Bell, model 19T7 serial no. 67457, valued at $160 was taken from the Bowlero lobby about 5 a.m Saturday.

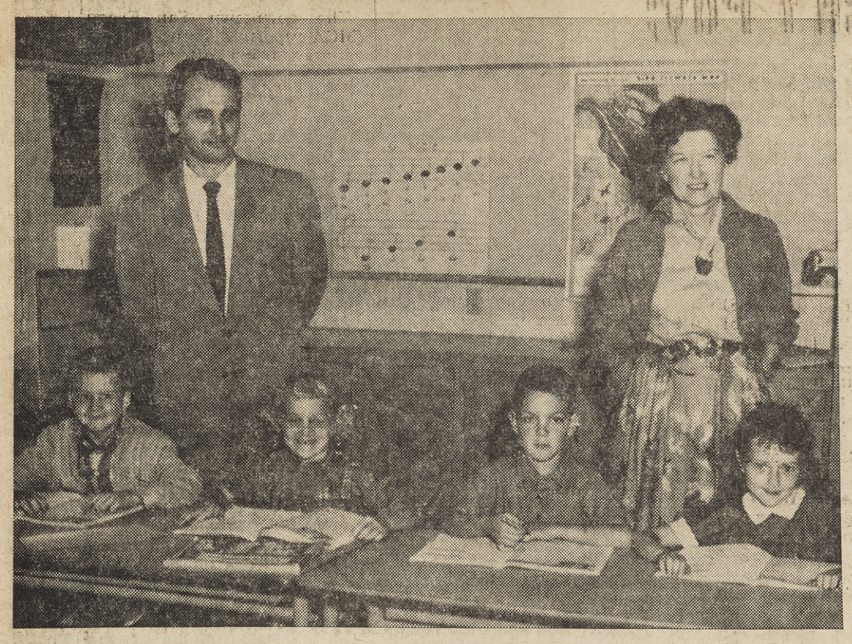
Mt. Vernon School Adds Classrooms, Cafetorium



IN NEW ROOM — These Mt. Vernon second graders were among 100 who occupied classrooms in a newly constructed wing at that Lemon Grove Elementary school lately. They are (left to righ) Teddy Mindt, 7, 1075 Palm; Joyce Riggs, 7, 2771 Washington; Neil Stalmaker, 7, 1946 Sweetwater and Rosalie Goldstein, 8, 8142 Blossom In. With them are Mt. Vernon principal Wiley Cornelius and second grade teacher Mrs. Ovella Mason.

The new Mt. Vernon Elementary School in Lemon Grove arrived at completion recently with the opening there of a new wing of classrooms and a cafetorium. About 250 children had lunch in the cafetorium on the first day.

Mt. Vernon principal Wiley Cornelius said 100 first and second graders who'd been taught at nearby Palm Junior High, moved proudly into their own classrooms as workmen put the finishing touches on the new building.

The cafetorium is a multi-purpose building similar to those at other schools in this district. The Mt. Vernon PTA will have its first meeting there Feb. 12.

L. G. school district superintendent Byron Netzley said the Mt. Vernon completions are part of the October 1960 bond issue projects. Other work has been done under this issue at Palm, Vista La Mesa, Monterey Heights and San Miguel.

Superintendent Netzley said Lemon Grove area people have been very good about supporting their schools. "They believe in the schools and educational program here," he said.

All 10 school elections (two of them tax) held in Lemon Grove in the past 15 years have passed, Netzley pointed out.

MIGUEL BOY FIRST

Good Grades Earn Male Students Insurance Cut

Ben A. Anella Jr. of 3520 Fairway dr., a student at Mt. Miguel High School is the first area resident to earn a 20 per cent discount on automobile insurance because of his good grades.

State Farm Mutual offers the cash savings as part of a new "Good Student Discount" plan.

The plan is the result of the firm's search for a way to single out unmarried young men 16 to 25 who have fewer accidents than the average for that group of drivers, who pay the nation's highest automobile insurance rates. The company believes that those who spend time on home work will be on the highways less, thus reducing exposure to traffic dangers, according to Jim Boyd, local agent.

Eligible for the plan are single males in the 11th grade or above who have attained good scholastic ratings. Young women drivers, who already pay much less than young males, are not included in the plan.

Eligible for the "Good Student Discount" plan are full-time students of high schools, junior colleges, colleges and universities who meet any one of the following conditions:

Rank in the top 20 per cent of their class.

Have a "B" average or better or a 3.0 grade average, based on a 4.0 scale, or the equivalent.

Are on the Dean's list, honor roll or similar scholastic list.

Proposed Watershed Zone Here Subject Of Farm Meeting

Two important questions will be discussed and explained at the regular meeting of the Mt. Empire Farm Bureau Center meeting this Friday night, Jan. 26 in the Old Stone House, Campo. The questions are: Do you know a water shed and recreation zone has been proposed for San Diego County? Do you realize this will affect your land?

The meeting will follow the regular potluck, which is scheduled for 7 p.m. Granville Martin, chairman, invites all to attend.

A Lemon Grove boy who is a graduate of Mt. Miguel High School was named Airman of the Year at the Baker, Ore., Air Force Base lately after winning the title of Airman of the Month during August at the same place.

Larry was known in school for his quiet, reserved manner. He worked hard for everything he earned and was much respected for his quiet determination to succeed in anything he undertook. We are happy to see a man of this caliber rewarded.

Hutton excelled in wrestling while at Miguel, and his coach, Ben Duea said: Larry was an inspiration to his team mates due to his fine attitude.

CONVENTION PLANNED

Helix High Announces ASB Office Candidates

Candidates have been named for the Helix Associated Student Body officers for president, vice president, and secretary.

The candidates for president are Ben Clay, Danny Brown, Steve Turpie and Dick Wilken.

Candidates for vice president are Ann Kemper, Sid Cavey, Carleton Brighton, Roger Blatty and Chris Niehaus.

Candidates for secretary are Robin Huff, Sharon Larsen and Rosemary Takanashi.

These people will participate in the nominating committee to be held at the Helix Green room on Feb. 17 at 9 a.m.

This convention is patterned after our national nominating convention at which the president and vice president of the United States are nominated.

Linda Bartholomew, chairman of publicity for the 1962 convention of Helix High School, writes:

"This event is a major school affair organized in the image of the country's National Concention. It is a scene of banners, signs, rallies and skits which are the highlights of our nominating convention.

"Attempting something new this year we are having our convention on Saturday. Party caucuses and lobbying play an equally important role and anyone who wishes may come and experience the same changes of emotion, disappointments, and tensions, as the two candidates for President, Vice President, and Secretary are nominated.

"This united effort of the entire student body has met with remarkable success in the past and we hope that the future will offer an even better insight into the workings of a democratic government.

"Bert Bett is our guest speaker. He is the treasurer of California. No doubt Betts' speech will inspire all to take a greater interest in politics."

R. Svalstad Breaks Law College Record

Ronald Svalstad, son of Mr. and Mrs. Palmer Svalstad of 7858 Longdale, attending Hastings school of law at San Francisco, received highest score on record in a "moot court" test.

Svalstad, in his second year at Hastings, earned 94 per cent in the test which puts students through simulated court cases. He took first place in oral presentation and third place in written organization to set the record. College Dean Snodgras was judge of the case.

Palmer Svalstad, a local building contractor, is trustee of the Grossmont Union high school district and Grossmont junior college district.

Three-quarters of all bio-medical research in the U. S. will depend on computers with 10 years, says the National Institute of Health. Today no more than five per cent of these projects involve automatic data processing.

The S.V.F.D. ambulance made 208 calls last year in a report just made public by S.V. Fire Commission Board Chairman Leland Whitted. The ambulance transported 155 patients; gave oxygen 27 times, and first aid was given to 50 persons.

Calls by classifications were: Heart attacks, 19; strokes, 9; burns, 4; auto accidents, 37; illnesses, 65; injuries, 37; misc., 30, and needless 8.

The service provides for anyone who has need for an ambulance within the boundaries of the fire district. It does not provide service to district residents who have needs outside the boundaries, nor are residents brought back from doctors' hospitals.

This commendation is not intended to encourage other fire districts to provide this service so much as to inform readers that good ambulance service should be demanded of private organizations, and the charges should be more reasonable than they were when the ambulance study was made a couple of years ago.

'T' Day Rained Out Here

(Continued)

eral things from the abbreviated "T" Day experience. One was that there are many more tumbleweeds than could have been eliminated if the drive had gone all day.

Another was that it's much easier to burn tumbleweeds where they're cut than to haul them.

"Some people seemed to look upon tumbleweed day as a kind of farce," Stubbs continued. "But I believe they do no longer. Thirty adults and 110 kids showed up to fight tumbleweeds on a potentially rainy day."

Stubbs said his committee was gratified by the turnout and expected a bigger one next time. Boy Scout troops 108 and 322 and Cub Scout troop 308 took part.

The Spring Valley anti-tumbleweed committee was glad to see Lemon Grove go ahead, Potts said. "But I'm afraid that overall the tumbleweeds got another reprieve," he added.

Mt. Helix View Colt League Sets Action

The Mt. Helix View Colt League met at 7:30 p.m. January 24 at the La Mesa Junior High School auditorium. An election of officers was held following a brief review of the past season's activity.

All parents of Colt League boys, and interested adults within the league boundaries, are invited to attend this meeting.

Shell To Use 'Blue Pencil' As Governor

Joe Shell, Los Angeles assemblyman who was born in San Diego, told area Republicans that he would exercise the "right of the blue pencil" if he is elected governor.

He addressed a highly partisan crowd of diners Tuesday night at the El Cortez hotel. Attorney Jack Schall was chairman.

The dinner was late in starting due to an unexpectedly large turnout to greet Shell. Many extra tables had to be hustled in to accommodate the crowd.

Shell said he was "tired of calling people liberals when actually they are socialists." He said that California leads the nation on the road to socialism. because we tax our people higher." Shell said that as governor he would blue pencil some of the socialistic schemes the assembly dishes up.

"Democratic leaders have informed me that employment in California had increased dramatically during the (Gov. Pat.) Brown regime," Shell said. "I took the trouble to investigate this boast. They were right, but the total increase was in government employes," he said.

EXAM BY RADIO — Anyone who tuned in KSDS-FM (88.3 megs) last weekend, would have been able to sit in on a new kind of college final examination. The station, the one at San Diego City College run by students carried a radio arts class examination and Dick Yokley of 7897 Sanford dr., Lemon Grove was one of the students who took the test from a teacher who was miles away instead of in front of a classroom. Friday evening of last week Dick took part in two newscasts as part of his radio training at S.D. City College. Paul A. Roman is instructor.

Foreign Teachers Visit L.G. Schools

Lemon Grove school district hosts two distinguished foreign educators on January 30 when instructors from India and Haiti visit the junior highs. Arrangements for the all-day observation are being made through California's State Department of Education and the local county department, according to S. K. Solleder, assistant superintendent.

Anthony D'Souza is a lecturer in geography at St. Xavier's College in India and has written several elementary school text books on the subject. Besides social studies, another of his majors, D'Souza is an instrumental music teacher. He gives free instruction to poor but deserving high school students in his native land.

A second visitor, Gracia Isidore of Haiti, teaches social science on the secondary level at College St. Pierre, Lycee Petion, and Lycee Louverture. His educational background includes study of the English language at Ohio University.

Following their arrival in Sacramento earlier this month, these two teachers journeyed to the San Diego area to observe instruction.

Somehow we never run into the situation described so lushly in bestsellers.

Motorists Will See 2 New Signs

Motorists will encounter two new types of signs on California's state highways within the next few months.

The new signs will use symbols to indicate courses of action to be taken by the driver. Studies have indicated that drivers generally understand and act on the symbols more rapidly than on written instructions, according to the Division of Highways.

Above, on the left, is the sign which will be used to indicate a decrease in the number of lanes (in this case from three lanes to two). On freeways, before they come upon this symbol, drivers will be alerted by a sign saying, "Lane End, Merge Left." Variations of this symbol will depend on the number of lanes involved and direction of the merging movement.

When going from divided highways to non-divided highways having fewer lanes, a sign saying "End Divided Road" will precede the symbol which will indicate which lane is to be dropped in order to accomplish the merger. The present multi-arrowed signs, which have been used on freeways to indicate a decrease in lanes ahead, and the lettered signs used on other state highways will be replaced as they wear out or are damaged.

On the right, above, is the sign which will be used in the future to indicate a winding road.

Just before the first turn of the winding road, a curve sign already in use will indicate the direction of the initial curve and usually the speed at which it can be safely taken. The new winding road sign will be located just beyond the first curve and will replace the present sign which spells out "Winding Road." The older signs will be replaced as they wear out or are damaged.

Both new signs have been recommended for use throughout the Nation by the National Joint Committee on Uniform Traffic Control Devices.

Golden Bowlers Make Some Outstanding Shots

by Tommy Thomas

With the winter league at its half-way mark at Golden Bowl bowling lanes, it brings to mind that some outstanding bowling was viewed during the first half.

For example, Lee Murphy, bowling with the Greater San Diego All-Stars (a traveling league) rolled 728 in a three-game series. And Al Barr, bowling with the 800 Jewels and Gems, had high score by rolling a 645 series.

But the oddity of the early season was turned in by Ed Sullivan of the Golden Nugget league, Bowling the ball on the "Brooklyn" side, he knocked over the 7 pin, which glanced off the backboard, knocking over the 10 pin and leaving the rest of the pins intact.

TROOP 325 GOES TO LAGUNA MOUNTAINS

Boy Scout Troop 325, sponsored by the Spring Valley First Baptist Church spent several days in the Laguna Mts. during the Christmas vacation.

Scout committee of 325 met Jan. 10 at the home of Harold Waggoner, 8354 Palm ave., L.G. Larry Bates was welcomed and approved as assistant scoutmaster. Attending also was Roy Cones, scoutmaster, who was minus his uniform, but fitted with a body cast, for correction of a misplaced spinal disc. Six committeemen were present; H. Waggoner, G. Kranouski, P. Wolfe, O. Phelps, A. Goodall, and H. Lilliard. Roy Reimers, the new institutional representative, was also present.

Business discussed was the proceeds of the troop's annual Christmas tree sale. Through the efforts of the scouts and the patronage of the citizens of Spring Valley and the surrounding areas, funds were derived, which makes possible the much talked about High Sierra trek, which is scheduled for the latter part of July or early August. A court of honor will be held in Feb. to acquaint parents with the proposed plans. Parents of scouts are requested to consider helping with the transportation during the trek.

Scoutmaster Cones, the committeemen and scouts want to thank everyone for their patronage of the Christmas tree sale.

Progress Demands Thinking Is Theme Of Sunday Text

Today's demand for progress based on a true comprehension of God's nearness and all-power will be stressed Sunday at all Christian Science church services.

Highlighting the Lesson-Sermon on the subject of "Truth" is the Golden Text from Psalms (119:151, 160), "Thou are near, O Lord; and all thy commandments are truth . . . Thy word is true from the beginning."

When "Jesus went up into the temple and taught. And the Jews marveled, saying, How knowest this man letters, having never learned? Jesus answered them, and said, My doctrine is not mine, but his that sent me. If any man will do his will, he shall know of the doctrine, whether it be of God, or whether I speak of myself" (John 7:14-17).

Theta Omicrons Meet At Home Of Misenhimers

Members of Theta Omicron Chapter, Beta Sigma Phi met Monday evening, Jan. 22 at the home of Mrs. James Misenhimer, 1635 Dupont dr., Lemon Grove.

Mrs. John Hibbert, past Valentine Queen of S.D. city council of Beta Sigma Phi and a television artist, was special guest. She was presented by Mrs. Robert Love, who was in charge of the group's cultural program, "Let's Talk On Radio And TV."

President Mrs. M. A. Thompson ran the business meeting preceding the appearance of Mrs. Hibbert.

Another feature of the program was the recording of their voices by members on a tape recorder provided by Mrs. Coye Dunn.

Social chairman Mrs. L. T. Simpson presented final plans for a coming social, "A Night In Las Vegas." Following the program, Mrs. Misenhimer was hostess for a social hour.

At this time of year, with very little effort, you can prevent many troubles that would require a great deal of effort to correct if you let them go unchecked.

Many people do not know that grape vines should be sprayed with a lime-sulphur-oil emulsion immediately after pruning, just the same as deciduous fruit trees. This spraying is an excellent preventative of many diseases to which grapes are especially susceptible.

Now is the time to strike a telling blow against sycamore blight. Spray your sycamores immediately after pruning (if there is any pruning to be done), with this lime-sulphur-oil emulsion. This will control the blight and eliminate the over-wintering insects which have a tendency to spread the blight from diseased sections to the healthy portions of the tree.

To check peach leaf curl on both the fruit and flowering variety of peach trees, apply the lime-sulphur-oil spray just at the time when the buds begin to show color.

Valley Boy Killed As Car Skids On Wet L.G. Street

A 19-year-old Spring Valley boy, Sammy O. Shaw, was injured fatally early on Sunday morning, Jan. 21 when the car in which he was riding went out of control and skidded into a tree on rain-slicked Golden avenue in Lemon Grove.

Shaw, who received public recognition in July of 1960 for saving the life of 16-month-old Debra Amador of S.V. by mouth-to-mouth artificial respiration, was pronounced dead on arrival at Grossmont hospital. He was believed to have died from neck and chest injuries.

He was passenger in a car driven by Kenneth E. Miller, 22, of 8642 Harness st., S.V. Shaw lived with his uncle and aunt, Mr. and Mrs. James R. Parker of 8643 Harness dr.

The highway patrol said Miller wore a safety belt and wasn't injured. Shaw was thrown from the car when the door popped open, the patrol added.

Bert R. Cosby of 8277 Golden ave., L.G. said the rain was pouring down outside when he heard the sudden crashing thud of the car hitting the tree in front of his house.

Sammy O. Shaw Rosary Held

Rosary was held at 7:30 p.m. Tuesday at the Conrad Lemon Grove Mortuary for Sammy O. Shaw, 19, 8643 Harness st., Spring Valley, who was killed early Sunday, Jan. 21 in a car accident in Lemon Grove.

A student at Grossmont Continuation School, Sammy had been living with his aunt and uncle, Mr. and Mrs. James R. Parker.

Interment was in Holy Cross Cemetery.

County Sets Wednesday D (Dog) Day

SAN DIEGO (CNS) — A hundred thousand dogs in the county are in the final stages of health and record count down. All dogs must be licensed and vaccinated by Wednesday, Jan. 31, and about 37,000 animals still have not had their rabies shots, according to Dr. E. R. Quortrup, director of the county's livestock inspection department.

Quortrup estimates the county's dog population at more than 100,000. He said 42,066 dogs have been vaccinated this year and he estimates about 20,000 more have rabies shots effective from the year before.

"This leaves about 37,000 dogs unvaccinated constituting danger to the community in view of existing active rabies in adjoining areas."

Twelve persons in Imperial county are undergoing Pasteur treatment after being bitten by a stray dog found to have rabies, Quortrup said.

County law requires that all dogs be licensed and vaccinated, with the $2 license fee to be doubled after next Wednesday.

Frank Beatty

Frank Beatty Takes Over New Liquor Store At Casa De Oro

An open-shelved wine chiller that keeps wines at the precise temperature recommended by wine experts, is one of the features of the Casa de Oro Liquor Store recently taken over by Frank Beatty, a newcomer to the Spring Valley area.

A former Marine who was in the South Pacific during World War II, Beatty is a native of Waverly, Ill. He ran the Emerald Island Liquor at 47th and Federal for six years before taking over the CDO Liquor in the middle of December.

Beatty describes himself as being truly interested in wishes of customers. The store carries a broad stock of liquor, liqueur, wine and beer and said he will obtain anything special that customers want.

Beatty took a course on wines taught by the California Wine Institute, in order to better help his patrons make the right wine choice.

"The store has had pretty good response here at the Casa de Oro shopping center on Campo road despite the torn-up condition of the road," Beatty said. "I plan later to move out to Spring Valley with my family.

The family includes Vi, his wife, and two girls—Debbie, 11 and Jane, 7.

The Casa de Oro Liquor Store faces west at the eastern section of the shopping center. It is open from 10 a.m. to 10 p.m. Sunday through Thursday and from 10 a.m. to 11 p.m. on Friday and Saturday. Milk and bread and glassware and bar supplies are also available in the store.

A San Diego State College student, Jim Schwuchew, helps Beatty out at the store three nights a week.

Coeds Invited To 'Sample' WAC Life

Who said that the old adage "Investigate Before Investing" belongs only to the business world or even the men's world?

Now it not only has reached the military world but also the women's world—by way of a College Junior Program sponsored by the Women's Army Corps.

Believing in the advantages of a woman 'investigating before investing' several years of her time and skill, the WAC now offers women college juniors a chance to "sample" military life for four weeks and with no strings attached.

Women interested in "investigating" military life before accepting a commission with the Army may contact the U.S. Army Recruiting Main Station, 1031 South Broadway, Los Angeles or by directly contacting M/Sgts. Edward R. Edwards or George Meiss, commander of the U.S. Army Recruiting Station at 8101 La Mesa blvd., La Mesa. Phone HOpkins 3-3114.

Second S.D. Bay Entrance Need Says Van Deerlin

CHULA VISTA—Lionel Van Deerlin, Democratic candidate for Congress, said recently he will seek membership on the House Public Works Committee in order to boost construction of a second entrance to San Diego Bay. Lemon Grove and Spring Valley are in the District he seeks to represent.

As an additional choice, Van Deerlin picked the Post Office and Civil Service Committee.

The San Diego newsman, who resigned his television job two weeks ago to seek election from the new 37th Congressional District, spoke after installing new officers of the San Ysidro Chamber of Commerce at the Palomar Inn.

"Having assigned top priority to the South Bay channel project, I hope to win the committee assignment that will make me most useful in achieving it," Van Deerlin told chamber members. "Although three Californians now sit on the Public Works Committee, not one of them is from Southern California."

The candidate said work of the Post Office and Civil Service Committee vitally affects thousands of Government workers in the new San Diego district.

Meanwhile, first headquarters have been opened for Van Deerlin at 421 3rd ave., Chula Vista.

FOR S.V. PROGRESS, LET'S SUPPORT B.I.G.

B.I.G., the program of "Bigger Industrial Growth" for San Diego County seems to be creating quite a bit of interest in various parts of the county. And through the efforts of this program more industry is being brought to the various communities.

Wally Johnson, owner of Builders Supply, formerly of Casa de Oro and now located in south Spring Valley, is the representative of the S. V. Chamber of Commerce to B.I.G. Wally has attended many meetings of B.I.G. and assures us that if we will get behind the program that Spring Valley can have its share of light manufacturing. He urges all persons who have potential industrial property, to please give their names, addresses and descriptions of the property to the secretary of the S.V. C of C., at 9050 Memory Lane (just off Bancroft Dr.)

WE HAVE POTENTIAL

Spring Valley has great potential as an area for light manufacturing, what with all the vacant land east and south of us. Also there is no reason why some of the major sporting events tycoons shouldn't be thinking about Spring Valley as a site for an athletic park or stadium. Perhaps you don't know this; but at the time the Padre ball team was figuring

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

by Elaine Horowitz HO 3-5393

CAT SNIPER AT LARGE

Someone's thought of a new sport—shooting cats with pellet guns.

Two cats belonging to families on Folkestone st. in Spring Valley were shot last week. One recovered, but the other had to be put to sleep because the pellet hurt a leg.

Animals on the streets are a menace, it's true. They litter and damage private property when left on their own, but there was no way for our sniper to know if these cats were roamers, or if they slipped out unnoticed by their owners. No matter what, there is no excuse for taking matter into their own hands. ASPCA's were created to take care of problem animals in a humane way.

Whether it shoots pellets or bullets, a weapon that can sever a ligament is dangerous in the hands of he who would use it on a defenseless animal.

DITCHES NEED FILLING

The access road on Harness st. and Sweetwater blvd. has long been a danger to cars and children.

This property owned by Bollenbacher and Kelton, was used as an entry road for their equipment while the S.V. Estates homes were built. It has since been used by cars for entry onto Elkelton and is used by Avondale school children coming from Mt. Miguel Terrace. A school crosswalk leads right into this access road, since putting it elsewhere would mean these children would walk along Sweetwater rd., which is trafficked and without sidewalks.

This property will eventually become a part of the proposed freeway along Sweetwater rd., but in the meantime is untended. Deep pits there fill with water when it rains. So far casualties caused by this neglect have been scrapes and bruises and lost shoes. Many a temper is lost too, when car owners come upon what looks like a through street. One tractor brought to the site for a few hours could solve an old community problem.

TRAVELERS RETURN

Eleanor and Leonard Klein of Lemon Grove returned from a four-day stay in Las Vegas. They had no comment to make on the financial end of their trip but did say "it was a lot of fun, and next time. . . ."

PROPERTY TO BE CONDEMNED

The La Mesa-Spring Valley school board instructed Miller, of the county counsel's office to proceed with condemnation proceedings regarding a site for the proposed Sweetwater Junior High School in La Presa.

The school district has been negotiating with Fred J. Hansen, owner of the property for almost a year. No settlement can be reached, so it will be left to the courts.

Further action was taken by the board on the abandoned school site for La Presa Elementary School No. 3. when they instructed Miller to continue the abandonment which owners of this site have tried to have set aside, and is trying for a settlement of damages.

COUNTY TAXES RISING?

Looking back can sometimes be confusing. I came across an article from the July 14, 1960 issue of this paper which reported John McQuilken, county assessor, as remarking that because of the county's increase in assessed valuation, no increase in the tax rate would be necessary and "in fact, it now appears that a cut in the rate is possible."

The tax rate, at that time was $2.07 per hundred. The tax rate is now $2.14 and it now appears that it will be upped by 28c to cover to cover road costs. What happened?

Mt. Miguel Parents Set Variety Show

Fun and fund-raising will be the order on Feb. 16 and 17 when the Mt. Miguel band parents stage their annual Variety Show in the Mt. Miguel gym.

This year's show is built around the circus. There will be lots of entertainment, refreshments, and prizes, reports publicity chairman Mrs. Jack Norr.

Tickets may be purchased from band students or at the door, either night.

TUMBLING CLASS FOR BLIND STARTED

The La Mesa Recreation Park Department is offering a new class in tumbling for blind or partially blind youth. This class is held on Thursday evening from 5:30 to 6:30 at the La Mesa youth and recreation center, 8440 University. All eligible youth are welcome to join this class. Jim Putney is instructor. There is no charge.

MIRAMAR NAS SETS APRIL OPEN HOUSE ON 10TH ANNIVERSARY

The tenth anniversary of the Naval Air Station Miramar will be celebrated with an Open House and Air Show on April 8, it was announced by Captain Burl L. Bailey, commanding officer.

The Navy's famous "Blue Angels" Flight Demonstration Team and "Chuting Stars" will be special attractions of the show.

BORST AS ACTOR — When a La Mesa movie maker produced "Cast a Proud Shadow," Bruno Borst (left) of Spring Valley played a role in the 16-mm. film. He was the character "Dutch" and the movie was shown locally. With him is Bill Ford.

Valleyite 'Dutch' Borst, Former Growler Cafe Operator, Dies At 59

Funeral services for Bruno A. "Dutch" Borst, 59 of 9574 Campo rd., Spring Valley were held Tuesday of this week (Jan. 23), at Greenwood Mortuary, with entombment in Greenwood Mausoleum. Rev. Alexander Milmine, Greewood chaplain officiated. Mr. Borst passed away at Paradise Sanitarium on Jan. 19 after suffering a possible ruptured ulcer.

A native of Germany, "Dutch" Borst had been a resident of San Diego for 39 years. He had worked at the Growler Cafe on Campo rd. as a musician (playing the accordion) since 1933. He purchased the cafe in 1948 from the late Al Wylie and continued as musician, leading a Western band at the cafe.

"Dutch" Borst was also somewhat of an amateur movie actor, having had a role in the 1958 production, "Cast a Proud Shadow," produced by Rene La France of La France Studios, La Mesa. The picture, a 16-mm sound production was shown locally. It depicted an incident in the life of Montana artist, Charles Rudsell. Borst took the role of "Dutch" in the picture.

At one time Dutch Borst was a ferry boat captain, and at another time a construction worker. More recently he had been associated with a tree service firm. He was a member of Coronado Masonic Lodge 41 and San Diego Aerie 244, Fraternal Order of Eagles.

Besides his widow, Emma, Dutch Borst is survived by a stepson, Jerry Gullett of El Cajon, and a sister and his mother, both living in Germany.

CLINIC ARRANGED FOR DOG INOCULATION

There will be a dog clinic at the Spring Valley Animal Shelter, (Jamacha blvd. near Sweetwater rd.) and at the Vista Animal Shelter on Jan. 30 from 1 to 4 p.m. Purpose of the clinic will be to inoculate dogs against rabies.

Dr. Erling Quortrup, head of the County Animal Control Department said the clinic was arranged at the request of many Spring Valley dog owners. Fee per shot will be $1.50.

Dr. Quortrup said all persons of the area should be sure to get their dogs inoculated by that time as the deadline for getting dog licenses is the last of January.

STUDENTS TO PERFORM

3 One-Act Plays Slated At Grossmont College

Grossmont College players will range from the sophistication of Noel Coward to the naivete of William Saroyan in a series of three one-act plays to be presented from Jan. 31 through Feb. 3.

The productions, sponsored by Delta Psi Omega, the college dramatic organization, will be given in the El Cajon Valley High School Little Theater, with curtain time at 8:15 p.m.

The Coward drama, "Fumed Oak," concerns the struggle of a father against a dominant wife, daughter and mother-in-law. Saroyan's "Hello Out There" tells the story of a young man whom society baits into a trap with a woman. The third play, "Overtones," by Alice Gerstenberg, is a tour de force in which each of the two leading roles is played by two women, showing both the surface and real attitudes of the characters.

Tickets as $1.50 will be on sale at the college book store and at the box office.

Around Our Valley

(Continued)

to move from the foot of Broadway, Spring Valley was being talked about as a future Padre home.

Another thing about Spring Valley is that it's the "HUB" of southwest San Diego County. The "Spokes" run in all directions from Spring Valley: Highway 94 to the Campo area and Tecate; roads to the west, to the east, to the south and to the north.

The area no longer is a little "jerk-water" town. People may be moving here to escape the "big city," but still we have to eat and to eat we must work; which means we need payrolls. Let's get behind B.I.G. and help to get payrolls in Spring Valley.

—o—

Congratulations to Horace Berry of Sweetwater Rd. He recently passed his real estate salesman examination and now is with the Chet Smith Real Estate office at Bancroft and Memory lane. Horace is a past president of the Spring Valley Chamber of Commerce.

—o—

And speaking of Chet Smith, he recently was elected to membership on the San Diego Realty board and is now a qualified realtor. "Congrats, Chet."

WHITMUSES ENTERTAIN

Mr. and Mrs. (Ralph and Mildred) Whitmus over at 3451 Niblick dr., Brookside, have been entertaining out-of-town visitors; Mr. and Mrs. (Carl and Mabel) Whitmus of Washington. They are Ralph's uncle and aunt. Both are retired civil service workers of the Puget Sound Shipyard. They were here in our fair community about seven years ago and are in love with the place. No chance of them moving here, because there are too many children and grandchildren in the far north.

Incidently, I was glad to see Ralph Whitmus out and about again after his recent battle with pneumonia.

—o—

Sorry to hear that our good friend and neighbor, Mrs. Susan Farr of 8740 Troy st., is in Paradise Valley hospital, as a result of an infection. Let's all keep a little prayer in our hearts for one of Spring Valley's beloved ladies, Mrs. Susan Farr.

—o—

Congratulations to the Rev. Frank Hamilton, former assistant pastor of Trinity Presbyterian Church. Rev. Hamilton has accepted a call to be pastor of Redwoods Presbyterian Church at Larkspur, Calif.

—o—

Also congratulations to Mrs. Joanne S. Julian, teacher of the Trainable Mentally Retarded children, at Lemon Ave. School. Mrs. Julian was recently chosen as the "Teacher of the Week" by KOGO-TV Channel 10 and was interviewed by Regis Philbin.

—o—

Did you get in on the recent "tumbleweed" campaign? If not, there are still plenty of the weeds to do away with. The secret of combating the weeds is to get at them while they are green.

—o—

Have you registered to be eligible to vote this year? If not, time is fleeting and elections will soon be coming up.
